

## **WE NEED YOUR SUPPORT RENEW YOUR IECA MEMBERSHIP TODAY!**

---

Dear Member;

On behalf of the Pacific Northwest Chapter of the International Erosion Control Association, we wanted to take a quick moment to re-introduce you to our Chapter and all of the events and activities we've been working on lately. We certainly appreciate your support over the years, because it's only through membership like yours that we can provide such valuable and recognized content throughout the region. We understand that your membership has lapsed, and we wanted to ask you to take a moment and consider rejoining and supporting our organization.

As you know, IECA has had another great year. EC 11 in Orlando, Florida was a great success. EC 12 will be in Las Vegas, Nevada from February 26-29, 2012. You may have seen their expanded online courses and content. You may have heard of their Roadshow, bringing high-powered content to each region. Perhaps you are a regular reader of Environmental Connection. You know that the benefits of membership are widespread.

What we wanted to highlight is all of the activities that our Pacific Northwest Chapter has been undertaking over the last year. We're hoping you have checked out our new website at [www.pnwieca.org](http://www.pnwieca.org). We have created a valuable repository for all kinds of upcoming events, industry information, and ESC fundamentals. We have hosted several training opportunities, as well as several review and exam sittings for CPESC, CESSWI, CISEC, and CESCL accreditation. Perhaps you attended Winter Con'10 at the Great Wolf Lodge in December, or are planning to attend Winter Connection'11 there December 1 & 2, 2011. Come join us for a great event! Perhaps you've considered attending ESC Metro Vancouver in Delta, BC, Canada over the years, or if not, come up for our 4<sup>th</sup> Annual Conference November 16 & 17. Perhaps you are a regular reader of our quarterly EC Times newsletter, or just proud to support the ESC industry.

We're writing because we hope that your membership coming due was simply an oversight because you're so busy out there in the industry. We appreciate that you are selective in where you spend your hard-earned dollars. We're hoping to show you that both the Pacific Northwest Chapter as well as IECA are working hard to provide you valuable content, conferences, and opportunities that are well worth your membership dues. We'd like to appeal to you to continue to support our organization. Please renew today at [www.ieca.org](http://www.ieca.org).

If you have any questions, issues, or concerns, please feel free to contact either of us. We would love to hear from you, and would welcome the opportunity to help make PNW IECA a more valuable and useful affiliation for you. Thanks for your support.

Sincerely,

Jolyn Hollingsworth  
Co-Chair - Membership Committee

Carol Davis  
Co-Chair - Membership Committee
